Reid,

Thanks for making the modifications.

It appears to me that you have addressed the concerns. I will let others chime in, too.

All,

Attached is a revised version of the pre-brief. I have amended the paper to reflect radon monitoring and ground-water monitoring at the three pre-December 15, 1989 impoundments. I have verified the information on Sweetwater at the NRC ADAMS website, and the information on White Mesa and Shootaring at the Utah DEQ website. Utah is an Agreement state also authorized to run the Subpart W program. Please let me know if you need more information or have comments. Thanks.

Everyone--

Mike called me late yesterday to say that he received this note and writeup and thought that it was a very good idea to get this ready for Gina. He had two changes/additions that he requested:

(b)(5) - Deliberative Process Privilege

[REDACTED]

[REDACTED]

Thanks much for your efforts on this. Let's get the paper updated quickly and back up to Mike/Gina.

Mike---

We wanted to follow-up quickly on last week's FAR pre-brief on NESHAPS (40 CFR 61) Subpart W with Gina McCarthy. The attached two-page paper (b)(5) - Deliberative Process Privilege

. In addition, several issues were raised and suggestions made during the pre-brief. The attachment lays out how the issues are being addressed as we prepare the proposal package for final agency review. Please pass these materials on to Gina or use them to update her, as appropriate. If you have any questions concerning the direction we are going, please contact me or Alan.
